

This is a complaint against the entire half time show of the Super Bowl XXXVIII. It is my hope that your organization takes steps to insure that ALL parties involved are punished to the most severe punishment available for the FCC rules violated.

Please, do not let this incident set the tone for tolerance in the future for ANY public television programming. I am head of a Christian household. I was hosting a group of Christian friends in my home during the Super Bowl and am shocked that the half time show was what it was.

May God Bless our country.
